

Projection2D::determinePoint

```
graph LR; A[Projection2D::determinePoint] --> B[Point::setCoordinatesAndLabel];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'Projection2D::determinePoint'. The right box is white and contains the text 'Point::setCoordinatesAndLabel' on two lines. A dark blue arrow points from the right side of the left box to the left side of the right box.
